Dear Tom,

Could you please review the proposed seed mix change to reduce cost. Let me know if it is ok to sub.

Thanks

Clint

Re: Red Emerald Mine Reseeding

Clint:

The following is the pricing for the Red Emerald Mine reseeding that you requested.

Red Emerald Mine Seed Mix

Species	PLS Pounds/Acre
Thickspike wheatgrass (<i>Agropyron dasystachyum</i>)	2
Bluebunch wheatgrass (<i>Agropyron spicatum</i>)	3
Indian ricegrass (<i>Oryzopsis hymenoides</i>)	3
Bottlebrush squirreltail (<i>Sitanion hystrix</i>)	0.5
Blue flax (<i>Linum lewisii</i>)	0.5
Palmer pestemon (<i>Penstemon palmeri</i>)	0.25
Fourwing saltbush (<i>Atriplex canescens</i>)	4
White yarrow (<i>Achillea millefolium</i>)	0.25
Total	13.5 Pounds

The price for this mix is \$8.06 per pls pound.

As I had said on the phone, the Bottlebrush squirreltail (*Sitanion hystrix*) is expensive and I would suggest putting Sandberg bluegrass (*Poa sandbergii*) in its place.

With that change the price would be \$6.61 per pls pound.

If you have any questions, please call.

Thank you,

Ryan Timoney
